ZOOL 411- Environmental Risk Assessment
Offered: Every other spring semester

Instructor: Professor: Michael Lydy
Office: LSII, Room 179
Office phone: 453-4091, email: mlydy@siu.edu

The major objectives of this course are to introduce the students to the framework for conducting Ecological Risk Assessments (ERA); to provide the students with hand-on experience working through a variety of actual case studies; and to challenge the students to work in small groups to develop their own ERA's and paradigms using simulated scenarios. Prerequisites: one semester of ecology or consent of instructor.
